

# RIDESHARE

UTA is dedicated to supporting programs that help the environment and improve Utahns' quality of life. To demonstrate this commitment, UTA Rideshare was founded to educate the community about alternative transportation options that reduce single occupancy vehicle usage, improve mobility, improve air quality and conserve energy. These programs include free commuter matching services, carpooling initiatives, vanpools, GREENBike and bicycle commuting, carshare and company-sponsored transit passes.

More information on UTA Rideshare programs can be found at [rideuta.com/rideshare](http://rideuta.com/rideshare).

## ***Carpool Matching***

- UTA provides free carpool matching services at [UTAcommuter.com](http://UTAcommuter.com)
- There are many active carpools throughout UTA's service area that are open to individuals or companies

## ***Vanpool***

- More than 3,500 participants and 400 vanpools are in service every day across the Wasatch Front region
- The program allows employers or individuals to lease a UTA van ranging in size from seven to 15 passengers
- Monthly fares include the van, fuel, maintenance and insurance costs

## ***RideVan Plus***

- UTA's RideVan Plus program is a last-mile solution that combines transit and a vanpool
- With a UTA-provided Eco Pass, riders can use bus, TRAX, FrontRunner or streetcar services
- Upon arrival at their station or Park & Ride lot, riders can complete their commute in a leased UTA van with other coworkers

## ***Eco/Student Pass***

- Designed as a co-sponsored, annual transit pass for employees (Eco) or students (Student Pass)
- Eco Pass is good for UTA fixed-route buses and TRAX. A premium Eco Pass allows use of FrontRunner and express buses
- Passes are not valid fare for paratransit, ski service or PC-SLC Connect
- Eco Pass is available to companies with more than 35 employees

## ***CarShare***

- With Enterprise CarShare, riders can rent a car as needed at a reduced price and drive themselves where they need to go

## ***Bicycle Commuting***

- UTA is a proud sponsor of the GREENBike bike share program
- All of UTA's buses and trains are equipped to carry bikes, and bike racks are available for UTA vanpools
- Bike racks and/or bike lockers are available at most Park & Ride lots and station locations
