### New UTA Website

Did you know UTA has a new website? The new site allows you to more conveniently access schedules, the UTA Trip Planner and all other pages from your smart phone or tablet!

The updated website also features a new vehicle locator tool that allows you to quickly see the real-time location of your bus or train on a map. Like all other aspects of the site, the vehicle locator is mobile friendly and can be used from any tablet or smart phone.

Try out the new and improved website at [www.rideuta.com](http://www.rideuta.com) or by using the QR codes to the left.

### Ride Time

Ride Time allows you to quickly find the next bus departure time by simply texting the stop ID number to UTA-UTA (882-882).

*Here's how to use Ride Time:*

- Find the Stop ID on your bus stop sign. The Stop ID is the unique, six-digit number normally shown on one side of the bus stop sign.
- Text the Stop ID number to UTA-UTA (882-882) and send.
- Ride Time will send you a reply with the next three bus stop departure times from that location.
- For bus stops that serve multiple routes, simply enter the Stop ID, then a space, then the route number.

## INFORMATION
