

RIDEVAN PLUS

Personalize your transit service.

UTA bus and rail services can get you most everywhere you need to go along the Wasatch Front. If, however, your final work destination is just a little too far to walk or bike from your last stop or station or if your overall trip takes too long, the RideVan Plus Pass might be right for you.

The RideVan Plus Pass works with a vanpool lease. The pass is good for UTA bus, TRAX, FrontRunner, streetcar services and the final leg of your trip on a UTA van. It allows you and others who have nearby worksites to use a UTA van to travel from your last UTA stop or station to work.

Qualify to Ride

- Your work location is in a "D" Eco Pass service area*
- The final distance from your last UTA stop or station to your worksite be less than 10 miles
- UTA buses stop at or near your workplace every 30-minutes or more, e.g. there is minimal transit available
- You need a minimum of seven riders to start a new RideVan Plus Vanpool who work at the same employer or nearby worksites

Lower Costs with More Riders

Your personal cost for the RideVan Plus Pass is based on the number of riders in your vanpool. The more people who ride the lower each person's cost will be. Some vans hold a maximum of 15 people, including the driver, others hold 11 or 12 people. The size of van you receive will depend on van availability.

Find out if you qualify for the RideVan Plus Pass today by contacting a UTA marketing representative at 801-287-2062 or emailing UTARideshare@rideuta.com.

Monthly Fare per Person Based on Number of Riders**
