

UTA Moves 2055

UTA's Strategic Long-Range Transit Plan Update

UTA's 2027-2055 Strategic Long-Range Transit Plan - UTA Moves 2055 - is shaped through collaboration with partners and communities. The plan sets the stage for growing public transit across the Wasatch Front over the next 30 years.

UTA Moves 2055 is based on the preceding 2050 Vision Network and will provide visions for the 5, 10, 20, 30-year planning horizon. The update also includes:

- Project phasing and prioritization
- Local and regional network models updated to the 2055 projections
- Corridor preservation needs
- UTA facility needs
- Cost Benefit Analysis & Cost Effectiveness Study

Supports the mobility needs of the communities we serve

Strengthens agency-wide alignment

Builds consistency and collaboration among plans

Communicates UTA's long-term vision

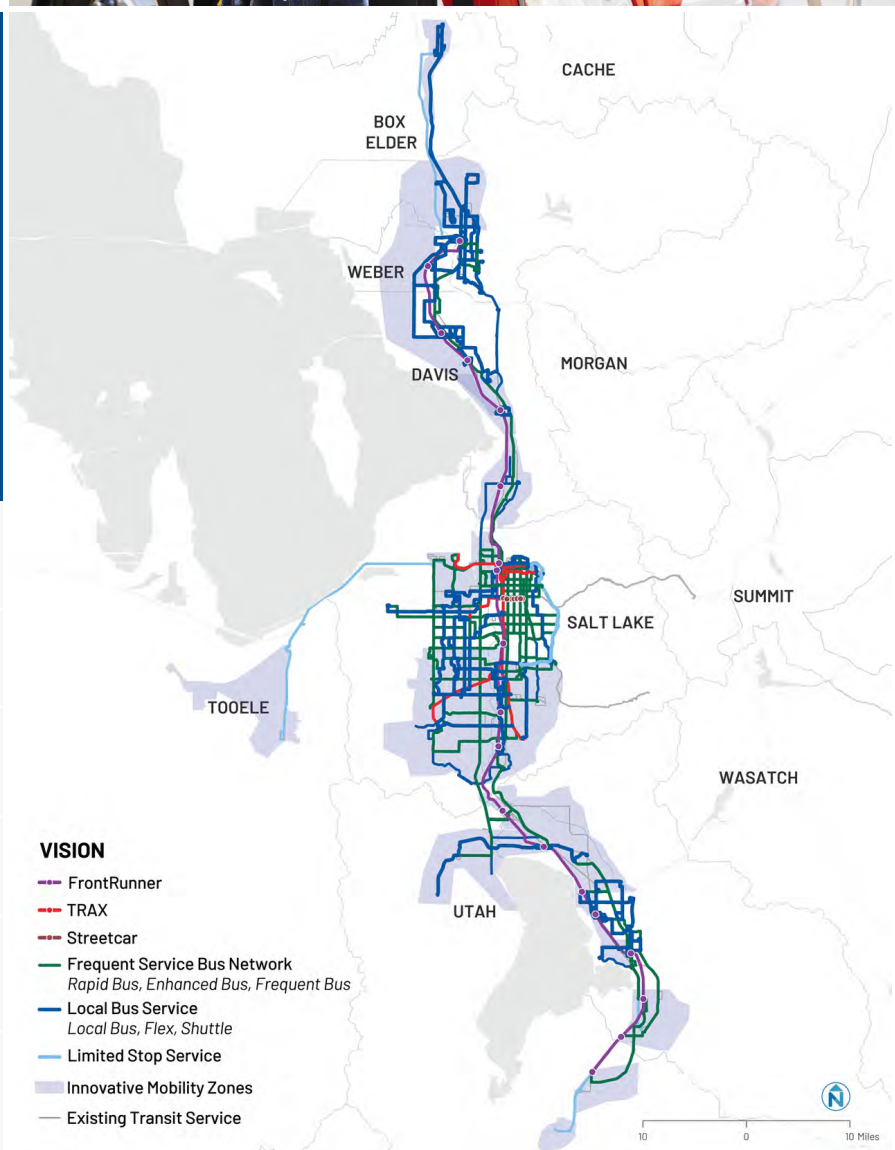

Planned Adoption by UTA Transit Commission Fall 2027

Complies with Utah Code Section 17B-2a-811.1

UTA Moves 2055 is about enhancing mobility and accessibility for everyone, ensuring transit services become more frequent, reliable, and effective.

UTA is updating the Strategic Long-Range Transit Plan as a vision for the future and to guide priorities around public transportation from 2027 to 2055. UTA Moves 2055 will emphasize understanding and responding to the needs of the communities served by UTA in the years to come.
