

## Application for non-standard equipment on van-pool vans

Instructions: Non-standard equipment cannot be installed or mounted on or to a van-pool vehicle without prior authorization from UTA. To apply for authorization to mount or install non-standard equipment or accessories, complete and return this form to UTA.

Please provide a complete description of the component, the estimated cost, and the reason for the modification to assist in the evaluation of your application. Any approved item will be considered a permanent part of the van and cannot be removed at the termination of the lease.
