

An Easier Way to Pay!

Electronic card payment methods will now be integrated into the Via app, meaning if you're paying with a UTA electronic card, you no longer need to show it to the driver. Instead, download the latest version of the app, head to the Billing section, and add your electronic card number. Review the steps below.

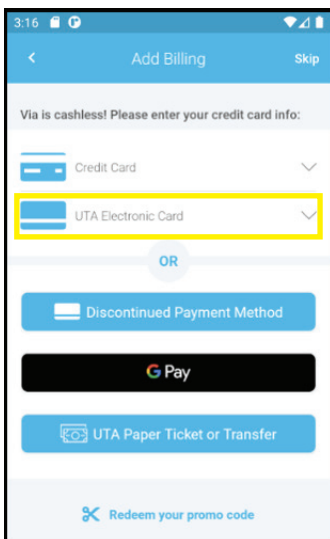

1. Open the Via app and tap the stacked menu

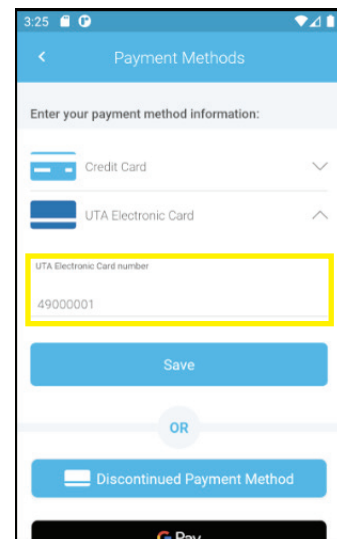

2. Select Payment Methods

3. See new option "UTA Electronic Card"

4. Enter your UTA electronic card number

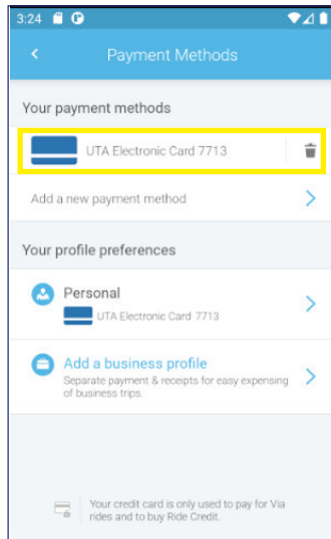

Download the Via app

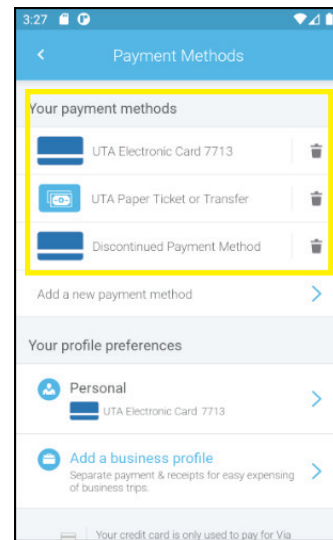

Or call 385-217-8191 to book

An Easier Way to Pay!

5. Select UTA Electronic Card 7713 as your payment method

6. See all your available payment methods

After inputting your card and booking a trip, you may encounter one of the following messages:

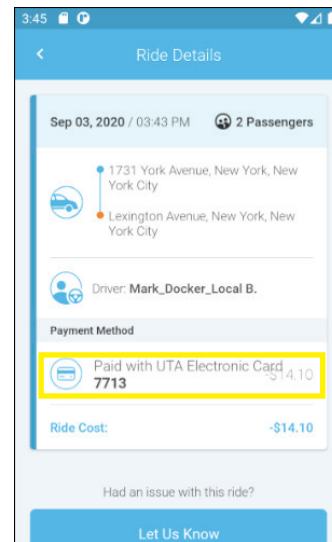

For valid cards, "Payment Method Approved"
- Means the card is in good standing/active

For problem cards managed by an institution, "Payment Method Declined - Please contact your card issuer"
- For cards issued by your employer, organization or university.

For problem cards managed by UTA "Payment Method Declined - Please call 801-RIDE-UTA"
- UTA issued cards

For FAREPAY cards with a low balance, "Payment Method Declined - Low balance"
- Add money to your FAREPAY card

7. UTA Electronic Card is used for payment
